

## **Security Consulting Services Barrier Plans**

Concentric Security Consulting partners with organizations to develop and deploy cost effective barrier plans allowing for an efficient and timely response to FPCON conditions. Our security professionals have proven experience and training in the applicable standards and guidelines. Concentric Security specialists create budget friendly barrier plans based on current needs or assess and improve existing barrier plans.

### **Protection, Compliance and Convenience**

#### Areas Addressed Include:

- Deployment Time
- Manning Requirements
- Boundary Demarcations
