

GUARD BOOTHS

**CONCENTRIC
SECURITY** LLC

www.concentricsecurity.com

Concentric Security offers the leading line of portable steel structures available for a wide variety of applications. Our guard booths are built to withstand the effects of years of environmental abuse and remain comfortable and secure. Our guard booths can be manufactured to meet any requirements while satisfying a rigorous 35 point quality control program through each of the four stages of production. This insures that your guard booth meets the highest standards.

Trust Concentric Security with your guard booth needs and let us earn your business.

SECURITY BOOTHS

Features:

- 24 SIZES, 6 STYLES
- WELDED FRAME
- DURABLE CONSTRUCTION
- GALVANIZED MATERIALS
- UL LABELED ELECTRICAL
- BR AVAILABLE
- RESTROOMS AVAILABLE
- ADA OPTIONS AVAILABLE

Concentric Security offers a variety of conventional guard booths. These guard booths are used in physical access control applications where operational security is required. Our guard booths can be used as fixed vehicle check points for airfield security, parking garages, parking lots, interior access control applications and gate entrances.

Every Concentric Security guard booth is built with a welded galvanized steel frame, roof and wall panels and finished to your specific requirements ensuring an attractive, durable steel building. Available in a wide variety of styles, sizes and colors, our booths offer many standard features designed to create a booth to fit any application. With the additional options available we are able to meet or exceed your expectations for booth performance, including the ability to construct any size booth with materials to meet bullet resistant levels UL 1, 3, 4 or 8.

Focus Features:

- 24 SIZES AVAILABLE
- UL LEVELS 1, 3, 4 or 8
- TINTED / CLEAR GLAZING
- SLIDING DOORS
- SWINGING DOORS

As an additional security feature, any booth offered by Concentric Security can be constructed from UL certified materials to meet or exceed UL levels 1,3,4 or 8. Our bullet resistant booths have the same features as our standard security booths, and offer the same variety of additional options. Built with the same attention to quality and detail as our standard booths, these booths are built to last and protect.

FOCUS: BULLET RESISTANT

Focus Features:

- STANDING SEAM ROOF
- RAISED RIB EXTERIOR
- WINDOW MULLIONS
- CROWN MOLDING

One of our more popular styles of booth is our Presidential series. The stylish design incorporates architectural elements including pitched roofs, raised rib exteriors, crown molding and colonial style window mullions. These features help to make this style booth an attractive, yet functional, addition to your facility.

FOCUS: PRESIDENTIAL SERIES

Focus Features:

- 4 SIZES AVAILABLE
- PORTABLE
- BULLET RESISTANT AVAIL.

Concentric Security trailer mounted guard booths are available in four sizes and are designed to be functional and portable. Available as standard booths, as well as bullet resistant booths, they are widely used as temporary shelters when security alert levels are increased.

FOCUS: TRAILER MOUNTED
