

**Concentric Security** offers the single largest line of GSA Scheduled products available for perimeter security applications. Our schedule includes over 8,000 perimeter security products, as well as installation, repairs, and maintenance under the same GSA contract. Due to the wide variety of products and services that we offer, we can create formidable solutions to protect virtually any site and its occupants.

## CONCRETE

Concentric Security's architectural pre-cast concrete products may be used for temporary or permanent perimeter security applications.

### Features:

- 18 COLORS, 5 FINISHES
- MOUNTING OPTIONS
- INTEGRAL COLOR
- 5,000 PSI CONCRETE
- STEEL REINFORCED

We carry complete product lines of concrete bollards, planters, spheres, and walls designed exclusively for perimeter security applications. These barriers can be permanently installed or deployed free standing to allow for future relocation. They are all available in a variety of colors and finishes to suit your specific site requirements.

## FENCING

Concentric Security's perimeter fencing systems offer protection from personnel entry and project a fortified image while maintaining an aesthetically pleasing look.

### Features:

- 10-15 YEAR WARRANTY
- EASY INSTALLATION
- MAINTENANCE FREE
- RACKABLE PANELS
- PERMACOAT FINISH
- ROLLED STEEL CONST.

These fence systems are available in a wide variety of heights, styles, and configurations. All of our fencing is constructed from high strength galvanized steel and coated with an 11 stage PermaCoat® double coating process. Concentric Security fencing systems are guaranteed against cracking, chipping, blistering, peeling, and corroding for at least 10 years.

## VEHICLE BARRIERS

Concentric Security offers a full line of vehicle barriers suitable for virtually any vehicular access control application.

### Features:

- 1 YEAR WARRANTY
- TESTED AND CERTIFIED
- MANY SAFETY OPTIONS
- CORROSION PROTECTION
- LONG SERVICE LIFE
- PROGRAMMABLE
- LOW MAINTENANCE

Our crash rated vehicle barrier systems include plate barriers, beam barriers, bollards, and gates. These barriers range from K1 equivalent to K12 crash ratings. We also have a wide assortment of safety and vehicle detection accessories available.

## GUARD BOOTHS

Concentric Security's high quality portable steel structures are available in a wide assortment of styles, sizes and colors to meet virtually any requirement. Also available are numerous access, aesthetic, electrical, bullet resistance, climate control, and surveillance options. These options will allow you to create the "custom" booth to meet your specific needs.

### Features:

- 24 SIZES, 6 STYLES
- WELDED FRAME
- GALVANIZED MATERIALS
- UL LABELED ELECTRICAL
- BR AVAILABLE
- RESTROOMS AVAILABLE
- ADA OPTIONS AVAILABLE
